

First steps in Primo: **searching for and requesting journals**

Enter any title that interests you in the search bar.

You can narrow down
the scope of the search to
journals right away.

Click on the right title.

The screenshot shows the library search interface. At the top, there's a navigation bar with links like 'NEW SEARCH', 'DATABASES', 'JOURNAL SEARCH: A-Z LIST', 'RESEARCH ASSISTANT', 'BROWSE INDEXES', 'PURCHASE REQUEST', and 'POKAŻ KARTĘ'. The search bar contains the text 'time' and a dropdown menu set to 'Everything (UoW Catalog + online resources)'. Below the search bar, there's a row of filters: 'All', 'Books', 'Journals' (highlighted with a pink arrow), 'Articles', 'Maps', 'Scores', 'Starodruki', and 'More'. The 'Journals' filter is selected, and the results are displayed below. The results section shows 'Tweak your results' options (Expand My Results, Sort by Relevance, Resource Type, Location) and a list of results. The first result is for the journal 'Time', with details: 'Hadden, Briton, 1898-1929, editor | Luce, Henry R., 1898-1967, editor 1923- | New York : Time USA LLC | Print began with v. 1 on Mar. 3, 1923.' and a link to 'Available Online'.

This journal is available only in the Wrocław University Library (Biblioteka Uniwersytecka).

You can use it **only on-site** in the Main Reading Room (you cannot take it outside of the premises).

When placing requests, **always pay attention to the location of the item** (the pickup location depends on it).
